IMPORTANT NOTES

MEMBERSHIPS

Because the USAV on-line registration system (Webpoint) allows the electronic acceptance of the USAV Waiver & Release of Liability, USAV Participant Code of Conduct, Use Agreement, and Junior Club Personnel Code of Ethics during the electronic membership registration process, as well as the option for a member to electronically submit the Background Screening Application, it is required that individuals register themselves in the system or submit signed paperwork to the Region (as Region policy may allow).

CLUB CODES

Club Codes are defined by the Region, unique within each Region, and formatted using five alphanumeric characters. No special characters should be used (e.g., comma, period, dash, slash, underscore, ampersand, apostrophe, number sign, dollar sign). It is important that the correct Club Code is used throughout the season and within all membership and event registration systems.

CLUB ADMIN ACCESS LEVEL DEFINED

CLUB ADMIN ACCESS:

Before an individual can be granted access to a club, his/her record must reflect a current membership, a current background screening, and must be affiliated with the correct Club.

Each season the following will take place:

- Club Admin assignment removed for all lapsed members as of 11/1
- Club Admin assignment removed for all non club-member club admins as of 11/1
- Club Admins who (1) have renewed, (2) had Club Admin access in the prior season, and (3) are affiliated with the same Club as the previous season remain actively assigned as Club Admins.

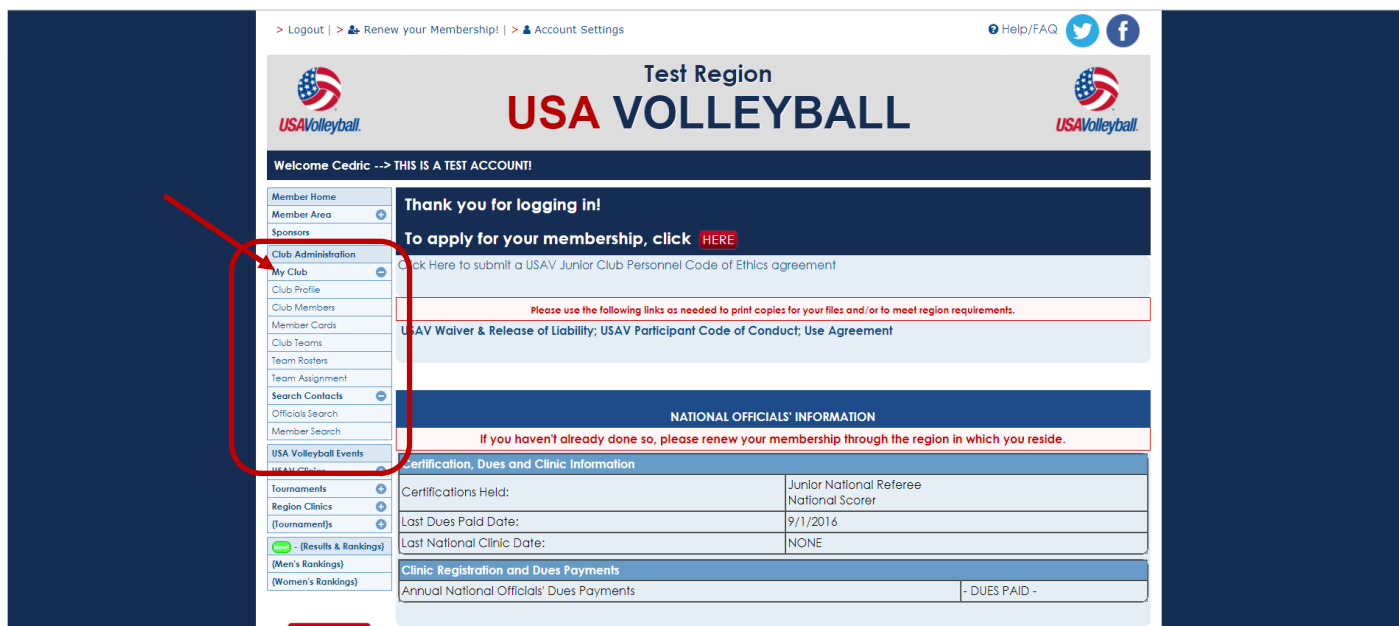

AT THIS POINT: One record can have CLUB ADMIN access to only ONE Club.

Once access is granted, the following screens will be available to that user (in some cases, only as applicable per Region policy).

The **Club Administration** → **My Club** area of the menu includes the following options:
