
SafeSport

ODR Annual Meeting

July 11, 2020

1. SafeSport USA

- Website - <https://www.teamusa.org/usa-volleyball/about-us/safesport>
- Reminder that there are three sections to complete. You will receive a completion certificate for each section and then a completed email when all three sections are completed.
- New this year was a 'renewal' program. For the first time when your SafeSport training expires, you had an option to take the renewal version of SafeSport to maintain your active status.

2. SafeSport Concerns

- How do existing SafeSport training dates of expiration transfer to Sports Engine?
- What will registration/renewal look like in the new system?
- Will Sport Engine prevent an adult affiliated with juniors from being completely registered unless they have cleared a background screening and SafeSport certification?
